2. Inasmuch as a large portion of the 378 pages consists of description of organization and intelligence processes, those comments pertaining to CIA will be excerpted. In addition, the recommendations will be tabulated in cross-reference form with those of the Doolittle Study Group, together with what action has been taken on the latter.

3. The pertinent material will be distributed to the appropriate Deputy Directors by not later than 27 June. For the convenience of the Director, charts have been prepared showing the recommendations and action. It is suggested that a special briefing be given the Director on the DD/P portion at 10:30 a.m. (following the Director's staff meeting) on 29 June, at which the DD/S should also be present; and on the DD/I portion at 10:30 a.m. on 6 July.
